Nevada Chapter of the International Facility Management Association

Membership benefits

**Dedicated to
advancing the
facility management
profession**

Join a Worldwide Network of 20,000 Facility Professionals

The 2011-2012 Nevada IFMA Board of Directors (from left) Treas. Judy Purcell, VP Steve Okosisi, Pres. Norma Jean Dove-Carr, and Sec'y Cecilia Smith want to meet you at the next event

IFMA membership is a smart move

The Nevada Chapter of the International Facility Management Association (IFMA) is a non-profit organization with members like you—facility management professionals—who want to advance in their professions.

Nevada IFMA offers exceptional educational and networking resources and opportunities to facility professionals. We host relevant lectures and meetings, behind-the-scenes tours, certification courses, and special events.

How membership works

Most IFMA members in Nevada join the national IFMA organization and the Nevada chapter at the same time. A professional membership is open to facility professionals whose primary responsibilities are to provide, oversee, or teach facility management. An associate membership is for those whose primary responsibilities include business development, sales, marketing, or representation of a provider of facility-related products and services. Membership is renewed annually.

Take advantage of IFMA's educational opportunities, including—

- ❖ Facility Management Professional
- ❖ Certified Facility Manager
- ❖ Sustainability Facility Professional

How membership benefits you

- A useful network of professional contacts
- Access to the IFMA membership directory, publications, educational sessions, product and service providers
- Local chapter meetings, lectures, and tours
- Access to online courses, scholarships, and internships
- National facility management certifications—Facility Management Professional, Certified Facility Manager, and Sustainability Facility Professional.
- Opportunities to broaden skills and knowledge in all facility management areas

Give us a try—attend a Nevada IFMA event on us. It may be a behind-the-scenes tour of a Las Vegas casino or business or a lecture from an industry leader. Visit us at nvifma.org to learn more.
